SPECIAL ISSUE

Announcing Canada B2B!!!

It's here! Access to Sprecher + Schuh is now at your fingertips.

The Sprecher + Schuh B2B site is designed around you and your work. Now you're able to have access to your order status at the click of a mouse.

The B2B site is fast, simple, efficient and easy-to-use. Your information is continuously updated and readily available 24-hours a day, 7 days a week.

The site is just in the beginning stages. We are looking forward to adding more beneficial and user-friendly capabilities to the site. In the future, we will be adding the ability for order entry and viewing Negotiated Price Agreements.

What Do I Need to Do to Get Access to My B2B Account?

- FIRST! You must assign a Super User.** A Super User is the main contact for your account on B2B. Flip to page 2 to find out more about it.
- Attend a Canada B2B Webex.** We highly recommend for all Super Users and/or Sub Users to attend a B2B Webex Training. This quick webex will give you a good review on how to register your Super User and Sub Users as well as how to use the web site.
- Register your Super User on the B2B site.** Then the fun gets started. Just have your assigned Super User register to the B2B web site. It's that easy!

WHAT'S B2B?

B2B is a business-to-business web portal. It connects you to Sprecher + Schuh and our inventory 24 hours a day, 7 days a week at your convenience.

With B2B, you will be able to...

- check stock on thousands of items
- check your order(s) status
- view orders at multiple branches
- track shipments online
- see list price and published distributor net price

B2B is replacing inventory updates on the Distributor Extranet. The updated stock list on the Extranet is officially NULL and VOID! B2B is NOW active.

You MUST use the B2B to check stock.
